—BARRINGTON— **LIMITED™**

Soft-Lite® Barrington LIMITED™ windows give you structural integrity, beauty and thermal efficiency at a very affordable price. These windows are built to last and are backed by Soft-Lite's Transferable Warranty.

In addition, Barrington LIMITED™ windows are manufactured by a company with over 70 years of experience, and a commitment to quality and excellent customer service.

Features and Benefits

1. **Interlock at meeting rail** minimizes air infiltration.
2. **Fusion-welded frame and sash** provide maximum weather protection and improved structural integrity.
3. **Multi-chambered frames** with heavy gauge vinyl walls provide superior strength and thermal performance.
4. **One-piece mortised sloped sill** creates strong bond between sill and jamb for maximum weather protection.
5. **Highest quality PVC vinyl** stands up to the weather, wherever you live, for a lifetime.
6. **Double weather stripping** surrounds sash perimeter to provide maximum weather protection.
7. **Certa-force™ Balance** uses a coil that provides smooth, easy operation. Never needs lubrication or adjustment.
8. **Soft-Seal™ straddle gasket system** at sill creates barriers and diversions against air and water.
9. **Snap-on, flexible nailing flange** and **J-Channel** for new construction is available with unique welded corners.

Special Barrington LIMITED™ Features Set It Apart From The Rest

Curved exterior provides a pleasing appearance.

Our heavy duty lock tightly secures sashes.

The attractive grooved fusion weld increases longevity and thermal performance.

Our snap-on, flexible nailing flange and J-Channel for new construction is available with unique welded corners.

Cleaning is a snap with our tilt-in bottom sash.

The Barrington LIMITED™ offers a broad selection of window styles for your choosing.

In a 2-Lite Slider one sash is fixed. In a 3-Lite Slider the two end sashes operate.

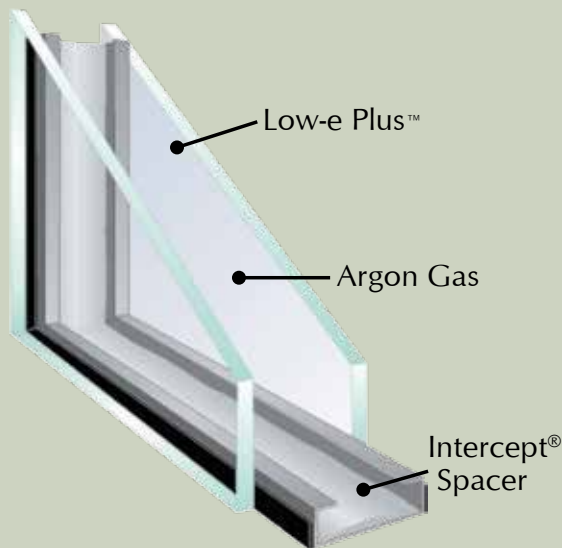

3-Lite Sliders are available in a 1/4-1/2-1/4 configuration as shown, or in a 1/3-1/3-1/3 configuration.

Geometric windows are available in a variety of shapes.

The Barrington LIMITED™ High Performance Glass Package

Please see your Soft-Lite® Window Representative for additional glazing options.

**3/4" Low-E Plus™
GLASS WITH
INTERCEPT®**

NFRC® label refers to whole window performance, not just the insulated glass unit.

Example NFRC® Window Label

ENERGY STAR® Qualified in Highlighted Regions	
VINYL SINGLE HUNG BARRINGTON LIMITED Double Glazing, Argon Fill, Low E	
ENERGY PERFORMANCE RATINGS	
U-Factor (U.S./I-P)	Solar Heat Gain Coefficient
0.30	0.29
ADDITIONAL PERFORMANCE RATINGS	
Visible Transmittance	Condensation Resistance
0.54	55
<small>Manufacturer stipulates that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any product and does not warrant the suitability of any product for any specific use. Consult manufacturer's literature for other product performance information.</small>	

This window is ENERGY STAR® qualified in North, North-Central, & South-Central zones. Upgrade of SOLAR LOW-E qualifies window in South zone and provides: U-factor: 0.30, SHGC: 0.21, Visible Transmittance: 0.50
