BAINBRIDGE™ LUXURY EDITION

Soft-Lite® Windows

Bringing quality to light.

Enjoy benefits you never thought possible with Bainbridge Luxury Edition Windows!

Bainbridge™ Luxury Edition Windows are exceptional in every way, from their durable structure to superb energy efficiency and classically beautiful design. If you're searching for windows that truly stand out and offer practically unlimited benefits, Bainbridge LE Windows are the best choice for your home.

Lower home energy bills

With Bainbridge LE Windows, you'll experience a more comfortable home than you ever imagined and benefit from energy cost savings throughout every season. With a multitude of energy-efficient insulating glass options to choose from, there's no doubt that your new windows will perform to the highest possible standards.

Safety and security for your family

From fiberglass composite reinforcement in key areas to an advanced locking system, Bainbridge LE Windows are designed specifically to keep your home–and family–safe and secure. Optional laminated glass systems ensure that your new windows provide the best, most secure protection against intrusion.

Unsurpassed beauty and curb appeal

If you desire a sleek-looking vinyl window with a slim-line frame for expanded viewing area, Bainbridge LE is the ideal choice for your home. You'll get a beautiful, polished appearance, in a top-of-the-line, practically maintenance-free window that's offered with several distinctive options. Your home will look better than ever before!

Give your home style.

Bainbridge™ Luxury Edition Windows from Soft-Lite are available in practically every window operating style available. From traditional double-hungs or horizontal sliders to room-expanding bow and bay models. Easy-to-operate casements and awnings or unique garden window styles. You can replace your old, worn-out windows with the same style–or give your home a fresh new look and feel by selecting a different operating style.

1. DOUBLE-HUNG

Soft-Lite double-hung windows feature two operating sashes–so you can open both the top and bottom parts of the window. Their stylish beauty enhances the look of any home, they provide excellent thermal performance, and tilt-in sashes make cleaning and maintenance a breeze.

2. CASEMENT & AWNING

Casements and awning windows allow you to catch fresh breezes, or open them for easy cleaning, simply with the turn of a handle. A single lever lock that activates multiple locking points ensures these window styles are exceptionally secure as well. Casements open out to the side, while awning windows are top-hinged and open out at the bottom.

3. SLIDER

Sliding windows are beautifully designed to provide an unobstructed view, yet built tough for decades of smooth operation. Our unique Swing & Clean Slider offers all the benefits of a standard slider, but it incorporates swing-in sashes for convenient cleaning of the exterior glass.

4. BOW & BAY

The three-dimensional effects of a bow or bay window will enhance the look of any room by adding space, light and viewing area to your home. You can choose from 3- to 6-lite configurations with casement, double-hung or picture windows, and a wide selection of options.

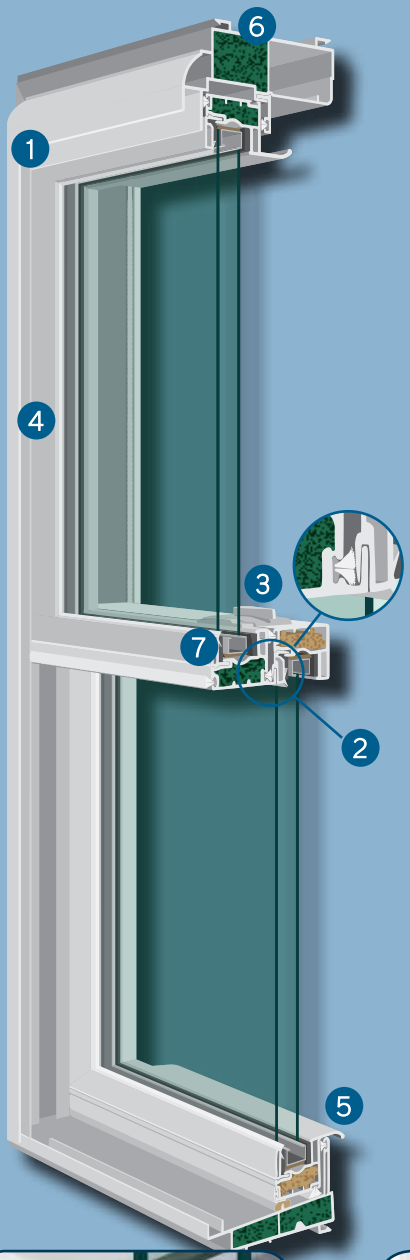
5. GARDEN

GardenVue™ windows are specifically designed to be a beautiful and structurally sound addition to your home. This unique window style features trapezoidal operating casement windows and adjustable-height, PVC-coated shelves that are an ideal spot to showcase your indoor flowers or other houseplants.

6. PATIO DOOR

Select from several stunning sliding patio door designs to make your home more beautiful and energy efficient. All of our patio door models are designed for long-lasting durability and smooth operation and are offered with an array of options that allow you to customize both the thermal efficiency and appearance of your new door.

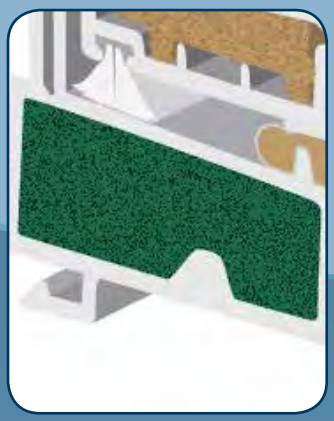
Standard features for structural integrity, energy efficiency and more



1. **Fusion welded frame and sashes** provide long-lasting strength and durability.
2. **Dual-fin, wool-pile weather stripping wraps** the sash perimeter and minimizes air infiltration.
3. **Cam-action lock** pulls sashes tightly together for exceptional security.
4. **Certa-Force™ balance system** ensures smooth, easy and maintenance-free operation on double hungs.
5. **Integral lift rail** features beautiful, yet comfortable, ergonomic design.
6. **Balance cover** provides a cleaner, more finished appearance.
7. **Intercept® stainless steel spacer system** (standard) significantly reduces condensation. Optional metal-free Super Spacer® offers enhanced thermal efficiency and other unique benefits.

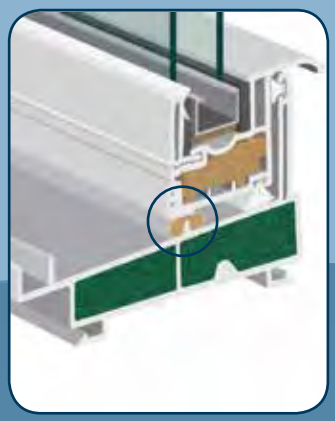
AAMA Gold Label Certification	
Air:	0.06 cfm at 25 mph – 5 times better than industry minimum of 0.30 cfm
Water:	R40 48 mph – 8" rain per hour – 48% over industry minimum 33 mph
Structural:	DP 40 153 mph – 62% stronger than industry minimum 94 mph

Reinforced fiberglass composite in meeting rail and bottom sash rail adds strength and improves security.



Comfort Foam™ insulation within the frames and sashes significantly improves the window's energy efficiency.

Dura-Sill™ engineered sloped sill, featuring a double-wall sill dam, creates a super-strong bond between sill and jamb for maximum weather protection.



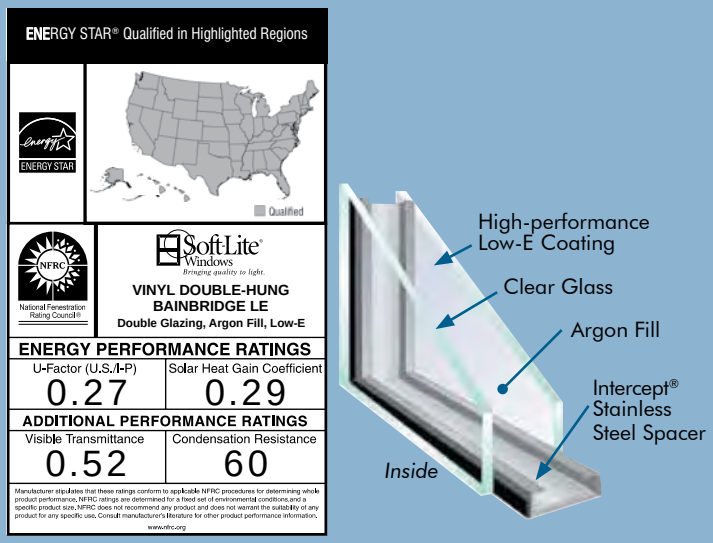
Soft-Seal™ straddle gasket is a closed-cell neoprene cushion-gasket under the sash that straddles the sill rail and helps prevent air and water infiltration.

High-performance glass options

Soft-Lite® purchases the best available glass products from leaders in the industry that focus exclusively on glass fabrication. We offer an array of technologically advanced insulating glass systems that can be tailored to best perform in your climate region. This ensures that your new Bainbridge™ LE Windows will provide the best possible thermal performance for your home, which will save you money on energy costs.

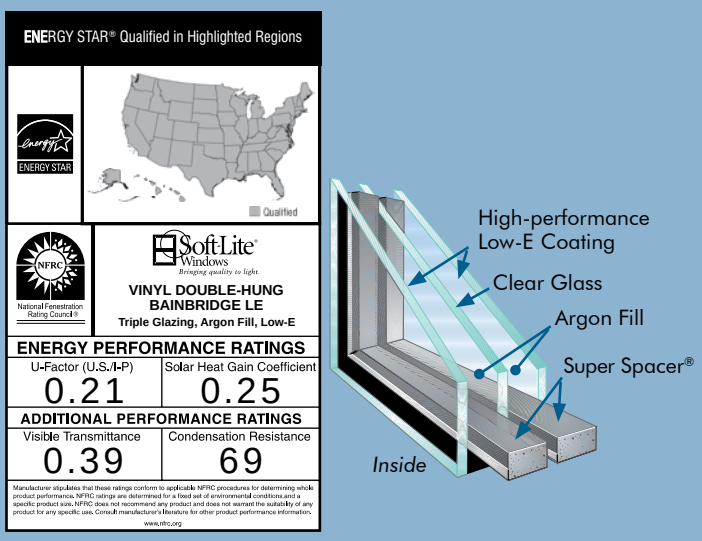
Below are several examples of the performance ratings that Bainbridge LE Windows achieve–but the possibilities for various glass, spacer and Low-E combinations are practically endless. Soft-Lite offers an array of options, including double- or triple-glass configurations, Intercept aluminum spacer or the unique metal-free Super Spacer system, and several different Low-E coatings so that you can select the coating that works best for your climate region. Ask your authorized dealer about the best glass option for your home.

High-Performance Low-E Plus Glass with Argon Gas and Intercept® Stainless Steel Spacer



Fine Print: Above values are for a Bainbridge LE double-hung window with Low-E+, featuring single-strength glass, Intercept stainless steel spacer, argon gas, and without grids.

High-Performance Ultra S Glass with Argon Gas and Super Spacer®



Fine Print: Above values are for a Bainbridge LE double-hung window with Ultra S, featuring single-strength glass, Super Spacer, argon gas, and without grids.

All NFRC® labels refer to whole window performance, not just the insulated glass unit.

ENERGY STAR®

Bainbridge LE Windows with high-performance glass qualify for the ENERGY STAR label–so they'll help you save money on your energy costs, while protecting the environment.

AAMA GOLD LABEL

Soft-Lite Bainbridge LE Windows proudly carry the AAMA Gold Label, which means that they meet stringent performance standards for air, water and structural load.

MOST EFFICIENT

Most Bainbridge LE Windows are ENERGY STAR "Most Efficient Products"–a new designation that recognizes the best of the best among ENERGY STAR qualified products.

OPTIONS

Internal grids will give your Bainbridge™ LE Windows the look and feel of true divided-lite windows–without the hassles! Because they're between the glass panes, these grids allow for easy cleaning. Our exquisitely beautiful grids are available in both a contoured or flat design and with several distinctive patterns.

Bainbridge LE picture windows are available in many specialty shapes, all custom built to fit for your home's uniquely shaped openings perfectly. We offer practically any shape you can imagine, from circle-tops to pentagons to octagons and much more.

Optional BetterVue™ screen cloth gives you more airflow and a clearer view of the outdoors while increasing insect protection.

LIFETIME WARRANTY

Our Lifetime Warranty is designed to protect your investment and our reputation. It guarantees that our windows will not rot, rust, warp, pit, corrode or blister, and that our vinyl colors will remain true for the life of your home. Our Lifetime Warranty is non-pro-rated and is fully transferable. We also warrant all moving parts and the hermetically insulated seal against defects in materials or workmanship. Finally, we offer the ultimate in protection with a lifetime glass breakage rider for extra peace of mind. Ask your Soft-Lite representative for a copy of the warranty to review specific terms and conditions.
