Painted aluminum roof with casements

Interior view of a Woodgrain Soft-Lite 3-lite bay window with operating casement windows

Dress Up Your Home With the Beauty of a Bay or Bow Window

Thinking of a room addition? Consider a stunning new bay or bow window. No other window style will actually change the look and feel of a room like a bay or bow window — at a fraction of the cost of a major remodeling job.

3-lite Bay Exterior
10°, 15°, 30°, and 45°

4-lite Bow Exterior
10° and 15°

5-lite Bow Exterior 10°

6-lite Bow Exterior 10°

Choose your preference of operating or fixed casements, or double-hungs.

Features

Your Bay or Bow Window Will Come Packed With Many Innovative Features

1. Your choice of 3- to 6-lite configurations with 10°, 15°, 30°, or 45° projections.
2. Available with operating end casements, double hungs or picture windows.
3. R-9 Super-Seat™ featuring high-density polyisocyanurate foam to fight condensation and energy loss. The seat comes standard in birch, with options including oak, a variety of laminates, and custom matching stains and varnish.
4. Each mullion and window frame is also fully Comfort-Foam™ insulated for maximum energy savings, the highest possible!
5. Optional glass for all bays and bows include Ultra™ Triple-Glazed; Ultimate™ Triple-Glazed; tinted and tempered glass.
6. Optional decorative glass is available in a wide variety of glass colors and patterns. Please ask your Dealer for details.
7. Optional contour and flat grids are contained within the insulated glass. The grids stay dirt-free for a lifetime and the outside glass remains easy to clean.
8. Optional painted aluminum roofs are available in 28 decorator colors. Please ask your Dealer for details.
9. Optional copper roof system. Copper can be preserved with incralac protective coating, or allowed to turn patina green over time.
10. Optional wood roof system also available.

A. Exclusive welded sill pan (highlighted in blue) eliminates water penetration. The unique design provides a built-in weep system and a smooth finish on the exterior surface of the seat board.

B. All window and mull cavities are insulated completely with Comfort-Foam™ for maximum energy efficiency.

C. Threaded steel rod and chain bracing system provides sag-free support. (Knee brackets must be installed if roof overhang prevents use of chain system.)

D. Factory finished interior edge banding is beautiful protection for your Super-Seat™

E. 1.25" thick furniture grade hardwood.

F. Insulated seatboard with 3/4" exterior capped ply-wood. Super-Seat™ Dow® Foam 3" sandwich with R-9 performance for maximum thermal protection; also fights condensation.

G. Mull cover plates ensure no butt-joints to caulk or leak.

H. Factory-capped underside: beautiful lines, consistent water shed.
